

## **SP 22.6 Miscellaneous Labor Laws**

### **Substantive changes made for the 3-31-06 revision:**

1. Changes POLICY statement to more directly support the purpose of this SP.
2. Provides definitions for the *Contract Work Hours and Safety Standards Act* and for the *Walsh-Healey Public Contract Act*.
3. Incorporates the substance of SP 22.5 *Walsh-Healy Public Contract Act* which is concurrently being deleted from LBNL's SPs.
4. Deletes discussion of the *Affirmative Action for Special Disabled and Vietnam Era Veterans* clause under the Special Disabled and Vietnam Era Veterans section and of the *Affirmative Action for Handicapped Workers* clause under Employment of the Handicapped since applicable clauses are now more properly addressed in SP 22.3, *Equal Employment Opportunity Requirements*.
5. Clarifies when miscellaneous labor clauses shall be included in solicitations and subcontracts.
6. Provides expanded guidance to the Procurement Specialist and Procurement Manager on responsibilities associated with procedural guidance in this SP.
7. Removes *Notice to the Government of Labor Disputes* and *Convict Labor* clause references since these subjects are covered elsewhere in the SP and are not flowdown requirements.
8. Updates REFERENCES to reflect Prime Contract 31 clauses.
